Heart to Heart Talk

This is a store of action as well as words—a store where no false note is struck to inspire a confidence which may afterward be shaken perhaps through our failure to live up to the proposed purpose and intent.

Only by DOING can we expect to PROCEED and PROGRESS. PERFORMANCE is the thing that counts. Activity accomplishes. INACTION means REACTION. To carry out the THOUGHT means to carry forward the BUSINESS. Unless this store inspires confidence by its words—and maintains it by action afterward—it is on the wrong track and had best turn back without delay. THIS IS A STORE OF ACTION AS WELL AS WORDS.

To the Democrats of Maricopa County:

I have made a fair fight for the nomination as County Recorder. I have given my opponent full credit for all he has done while in office. It is a well known fact that Mr. Vaughn has been in the Court House for eleven years. He promised leading democrats of this county that if they would support him when he ran the last time that he would not run again. Has he forgotten? He has used all the advantages of his office to forward his own campaign, even the official mail has been used to send out his campaign literature to the voters. He has taken registrations in many of the small precincts in person. He claims to have saved the people thousands of dollars. How could he have done otherwise unless he appropriated it for his own use? Do these actions and claims constitute a fair fight on his part. I claim not, and I ask the people for a fair verdict on September 12th. I can furnish the names of prominent democrats whom he agreed with not to run again. In view of these facts, "Why Not Vote for Me?"
